

# High School Financial Planning Program Instructor Training

Using the NEFE High School Financial Planning Program in Your COVID-19 Online Teaching Webinar

**April 22, 2020**

**3:00 - 4:30 pm CDT**

High School  
Financial Planning Program

Are you a high school teacher or agency staff who is now teaching personal finance online as a result of COVID-19? We invite you to a FREE webinar to:

- take a look at how the NEFE (National Endowment for Financial Education) High School Financial Planning Program (HSFPP) has been purposefully designed to equip students in Grades 8 to 12 with fundamental personal finance skills to prepare them for mindful money management decisions and behaviors
- become familiar with the free HSFPP online materials that teachers can use to help their students learn money management skills while applying what they learn
- consider ways to implement the program and become familiar with the procedures to order materials, connect with families, and network with the professional community
- become familiar with the NEFE Evaluation Toolkit

Register for the free webinar @ <https://z.umn.edu/HSFPPWebinar>

For more information contact Lori Hendrickson, Extension Educator,
