

Minnesota Association of Family Consumer Sciences Scholarship Drive

Are you thinking about your year-end giving?

Do you remember what it is like to be a broke college student?

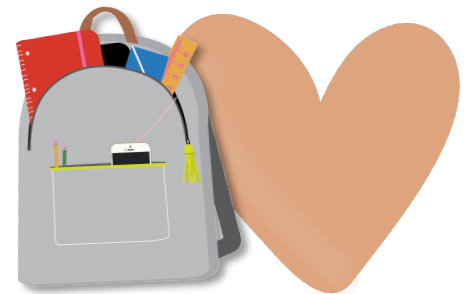

Would you like to help a current college student?

Hello Member,

Due to not having a state conference this year, where we usually solicit donations for the scholarship fund, we are asking for donations. We are hoping that FCS Students are not forgotten as funds are needed more than ever due to rising cost of tuition, cost of living expenses and student jobs being eliminated due to Covid concerns.

THANK YOU!
